

I am concern about the proposed change of FM to LPFM, My family has listen to K-Love for many years and feel that it mite affect the service in are town. We listen to K-love because it meet's are needs with family- friendly programming that we trust. K-Love supports wholesome values with positive and encouraging impact on are community and across america. I feel that to lose that service would effect Hundreds of thousands of people that listens to K-Love daily and I for one do not want to lose the service that K-Love provides for my hole family and community.

Thank you Dorothy Johnson

PS I listen to 91.1
